Adonis, this list appears to be another set of field names from a Malaysian billing document, similar to the previous ones but with "caj_semasa_nem" included, which likely refers to current charges under a Net Energy Metering (NEM) scheme in the context of utility bills. I've translated them to their English equivalents in the table below.

Original Term	English Translation
sumber_bil	Bill source
alamat_pos	Postal address
no_invois	Invoice number
no_akaun	Account number
baki_terdahulu	Previous balance
caj_semasa_nem	Current NEM charges
